For	Men's
Label	Sewn-in label
Country of origin	China
Carton	15 pieces

DESCRIPTION

The Horizon men's trousers are built for professional wear with a jogging cut and a four-way stretch fabric (92% nylon, 8% elastane) that allows freedom of movement on site or in workshops. Elasticated waistband and leg cuffs provide secure fit; the fabric is water-repellent, breathable and quick-drying for all-day comfort. Available in several colourways and sizes XS to 5XL.

Designed for functionality, the trousers feature large front pockets, zipped multifunction front pockets, two rear pockets (one zipped, one with Velcro), a ruler pocket and a hammer loop. There are knee pad pockets and reinforced hems and back for increased durability, and the elasticated cuffs visible on the photo reduce snagging. A reflective band on the rear belt loop improves visibility.

These trousers can be personalised from one piece and suit companies, sports clubs, associations and individuals. We offer embroidery, DTF printing, flex, screen printing, transfers (1-colour and multicolour), embroidered patches and pad printing. Our design studio can retouch or vectorise your logo for production.
