Reference	FU340
Brand	U-Power
Composition	96% Polyester, 4% Elastane
Material	Polyester, Elastane
For	Men's
Country of origin	China
Carton	10 pieces

DESCRIPTION

Men's softshell jacket designed for work, made of 96% polyester and 4% elastane with a graphene microfleece lining that ensures even heat distribution. The straight cut with an extended back gives extra coverage; the removable, adjustable hood provides adaptable protection. Visible on the photo are a central water-resistant zip, zippered pockets and adjustable cuffs, resulting in a practical, hard-wearing finish.

The jacket is water-repellent and features a soft microfleece inner collar for added comfort. Functional details such as reinforced seams and protected zip pulls make daily use and care easier. Available in several colours, for example Black and Deep Blue, and in sizes S to 4XL.

This personalised softshell can be customised from a single piece: embroidery, screen printing transfers, DTF printing, flex and MSO transfer are all possible. Suitable for businesses, sports clubs, associations, schools and individuals. Free quote within 24 hours on weekdays and an in-house design studio can vectorise or retouch your logo.
