Label	Tear-away (ideal for branding)
Labels and certifications	Recycled polyester
Country of origin	Bangladesh
Carton	24 pieces

DESCRIPTION

This unisex crew-neck sweatshirt is made from 60% regenerated cotton and 40% recycled polyester with a brushed fleece back, combining warmth and soft comfort in a regular fit. At 300 g/m² it provides good structure for everyday wear and is available in several colours (Black, Heather Grey, Navy) from XS to XXL.

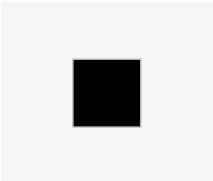

Useful details for daily use include ribbed cuffs and hem for reliable fit and a centre V-insert for added comfort. The recycled composition may cause slight colour variation between batches. Care is straightforward when following instructions for mixed cotton/polyester garments.

This personalised sweatshirt can be customised from one piece using Screen printing, DTF printing, transfer, flex (flocking) or embroidery. Suitable for companies, sports clubs, associations, schools, events and private customers; our design studio can vectorise or refine your logo for printing.
