DESCRIPTION

This unisex LSL T-shirt iDeal150 has a straight cut in tubular jersey and is mainly made from 100% cotton (some shades include a small percentage of viscose). The crew neck is finished with 1x1 rib and twin-needle topstitching, with a tone-on-tone interior neck tape for comfort. Its light weight makes it suitable year-round.

Details include twin-needle hems on sleeves and body and a removable brand label. Available in nine sizes (XS to 5XL) and multiple colours — for example Ideal White, Ideal Navy or Ideal Black — it's easy to coordinate for teams and events. The straight fit provides freedom of movement while keeping a clean, professional look for corporate or association use.

This personalised T-shirt can be customised from a single piece. We apply decoration using screen transfer, MSO transfer, DTF printing or flex. Suitable for companies, sports clubs, associations, schools and private customers; our in-house graphic studio can retouch or vectorise your logo before production.
