DESCRIPTION

Cylindrical recycled-paper tube containing 30 wax crayons. The compact size (Ø6 x 9.5 cm) keeps the crayons protected and is easy to slip into a bag or pencil case. The wax composition makes the set suitable for children's colouring and playful writing; the tube offers a natural finish that is comfortable to handle and simple to store.

The tube is made of two snug-fitting parts that act as a lid, with no complex moving elements. The visible paper texture gives a raw, eco-friendly look and makes the item practical for storage and distribution at events or educational activities.

This personalised writing and colouring set can be branded by pad printing (tampography), digital printing or doming; perfect for schools, clubs, associations, events and corporate gifts. Minimum order: 50 pieces (colors and sizes combined) — smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays; our design studio can vectorise or retouch your logo. Collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
