## DESCRIPTION

This retractable badge reel in ABS features a compact circular case (Ø3.2 x 0.8 x 4.2 cm) with an eyelet and a strap with a metal snap for attaching an ID card or badge. The rigid, smooth plastic has a slightly translucent finish and is easy to clean with soapy water. It is built for repeated extension and retraction of the cord.

The Lades model is offered in several colours (for example Blue, Transparent White) and fastens via a snap strap rather than textile. Its slim profile keeps it unobtrusive on a pocket or garment and makes it simple to carry and store.

Customisation is available by pad printing and doming — suitable for companies, clubs, schools, events and private customers looking for a personalised badge. Minimum order: 600 pieces (colours and sizes combined); smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays; graphic studio available to retouch or vectorise your logo. Collection from our Evere workshop or delivery in Belgium, France and Luxembourg.

## COLOURS (2)
