Composition	PS
Material	PS
Average weight	0.022
Dimensions	12,5 x 2,5 x 1,5 CM
Country of origin	China
Carton	500 pieces

DESCRIPTION

The Highcut plastic cutter is a lightweight PS tool intended for general use in offices, workshops and events. It features a retractable blade and compact dimensions (12.5 x 2.5 x 1.5 cm) for cutting cardboard, film and packaging while remaining safe to carry. The design includes a body with a transparent cover that exposes the blade and a sliding mechanism for extension and retraction.

Practically, a hanging hole and a ridged slider make operation simple and precise; the cover protects the blade between uses. Cleaning is straightforward with a cloth and maintenance is limited to replacing the blade when worn.

This personalised tools and torches item can be ordered from a minimum of 250 pieces (colour and sizes combined) as stated on the product sheet. Customisation techniques available: digital printing, doming and tampography. Suitable for companies, clubs, associations or events looking for branded giveaways or practical branded items for everyday use.
