Ref. IT3087

Reference	IT3087
Composition	Metal
Material	Metal
Average weight	0.01
Dimensions	Ø24 x 1 CM
Country of origin	China
Carton	500 pieces

DESCRIPTION

Foldable frisbee model Atrapa for outdoor and beach use. With a 24 cm diameter and slim profile it folds down to fit into the supplied nylon pouch; the product data indicates a metal composition and it is delivered packed in a nylon pouch. Its lightweight design makes it easy to carry to events and outings, with simple air-dry care after use outdoors.

The frisbee collapses into a compact pouch, convenient for school trips, club activities or beach promotions. A flat surface and stitched edge provide reliable handling and easy throwing for both children and adults, making it practical for repeated use.

Customisable for your needs: personalised frisbee using flex, screen printing on objects, multicolour transfer, DTF printing or pad printing. Suitable for companies, sports clubs, associations, events and private customers. Minimum order: 250 pieces (colours and sizes combined). Free quote within 24 hours on weekdays and a graphic studio is available to vectorise your logo.
