DESCRIPTION

Elegant metal handbag hook for women (Ø4.7 x 0.7 cm), designed to fold compactly for storage in a purse. Its circular profile and low thickness make it easy to carry and convenient for suspending a bag from tables or counters, keeping it off the floor. The visible metal construction in the photo suggests a robust folding mechanism. The item is available in several colours, for example black and silver.

The hook unfolds in one simple motion and folds flat when not in use; there is no textile component. An adjustable steel cord (as specified by the supplier) helps secure it to different handle types. Its small footprint makes it practical for everyday outings, business events and hospitality situations where space is limited.

Customisation by tampography and doming is possible — suitable for companies, clubs, associations, events and corporate gifts. Minimum order: 100 pieces (colours and sizes combined). Request a free quote within 24 working hours to receive a priced marking option. personalised travel accessory
