DESCRIPTION

Leisure set including a suction ball and a pair of lightweight PP rackets, designed for beach and outdoor play. The rackets feature a slightly concave striking surface with an elastic hand strap for secure, comfortable handling. The ball (Ø15 x 2 cm) grips surfaces using multiple small suction cups, enabling fun catches and rallies. The set is easy to clean and compact to store after use.

Rackets have a molded rim for durability and a smooth face to improve ball adhesion during play. Made from polypropylene, the set is resilient enough for repeated use at events, clubs or promotional activities and is suitable for a wide age range when used with appropriate supervision.
