Reference	IT3874
Composition	Aluminium
Material	Aluminium
Average weight	0.059
Dimensions	10 x 3,2 x 1,6 CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

The Alutool is a compact, lightweight multi-tool designed for everyday carry. Its aluminium body gives a solid, metal-look finish while the translucent plastic bit holder stores six interchangeable screwdriver bits and a small LED torch; three button batteries are included. At 10 x 3.2 x 1.6 cm it is discreet enough for a keyring, pocket or tool bag.

Bits fold neatly into the housing to avoid snagging and the torch provides targeted illumination for minor repairs. The mix of aluminium and ABS gives a practical balance of strength and weight, and the unit can be wiped clean with a damp cloth. The holder is designed for easy extraction of each bit when needed.

Customisable by tampography or digital printing, this promotional tool is suitable for companies, clubs, associations, events and corporate gifts. Minimum order: 100 pieces (colours and sizes combined) — smaller quantities available with additional fees. Free quote within 24 hours on weekdays and a graphics studio is available to retouch or vectorise your logo.
