DESCRIPTION

The Artel ballpoint pen features a slim, cylindrical profile designed for everyday writing. Both barrel and cap are made from paper, the cap specifically from recycled paper, and it uses blue ink. Its straight, narrow shape provides a comfortable grip for note-taking and general office use. To preserve the paper material, avoid prolonged exposure to moisture.

The cap has a ribbed texture to aid removal and handling. The pen is offered in several colours, for example white and beige. This promotional item carries a minimum order quantity of 1000 pieces (colours and sizes combined); lower quantities can be arranged but may incur additional fees. Free quote within 24 hours on weekdays; pickup at our Evere workshop or delivery in Belgium, France and Luxembourg is available.
