DESCRIPTION

Men’s Bio190 crew neck T-shirt in a straight cut with a ribbed neckline containing elastane and short sleeves. Primarily made from combed organic cotton (some colourways include viscose or recycled polyester), it gives a clean, comfortable feel for everyday wear. The garment is finished without a brand label in the neck—only a size chip—to simplify branding. Available in many colours such as White, Navy or Forest Green and sizes XXS to 5XL.

The tee features a tubular construction with twin-needle hems at the sleeves and bottom for consistent finish. Care is straightforward; the Coconut Milk shade uses a delicate dyeing process and should be washed gently. Its plain, durable cut suits workwear, events and promotional ranges.

This personalised T-shirt accepts screen print transfers, MSO transfers, DTF printing and flex. Recommended for companies, sports clubs, associations, schools and private customers: it can be customised from a single piece and our studio can vectorise or retouch your logo for optimal application.
