The satin-look polyester outer shell combines with a dual-material interior — fleece across the upper body and quilted polyester lining on the lower part — for added comfort. It features a two-way zip with storm flap, zipped side pockets and a zipped chest pocket, two internal pockets and ribbed inner cuffs for improved insulation. Available in several colours (e.g. Black) and sizes S to 4XL, it offers a neat finish and easy care following manufacturer guidance.

This personalised parka can be customised from one piece and accepts embroidery (embroidery), screen printing/transfer (transfer/screen printing), DTF printing (DTF printing) and flex. Suitable for companies, sports clubs, associations, events and private customers. Our design studio can vectorise or retouch your logo before marking.
