Reference	KC1063
Composition	PS
Material	PS
Average weight	0.027
Dimensions	15,5 x 10 x 1,5 CM
Country of origin	China
Carton	400 pieces

DESCRIPTION

The Fincley rigid plastic scraper is designed to remove frost and condensation from windscreens and car windows. Its flat shape with an ergonomic handle offers a secure grip; the blade features a thin rubber edge and a serrated side for tackling stubborn deposits. Made of PS, this lightweight accessory is easy to clean—rinse with water and air dry. It is available in several colours, for example white, black or red.

At 15.5 x 10 x 1.5 cm the compact scraper stores neatly in a glove compartment. The model shows slightly textured grip areas and a serrated scraping edge that reduces slippage during use; there are no textile or mechanical parts to maintain.

This scraper can be personalised by digital printing, doming or pad printing, making it suitable for companies, clubs, associations or events looking for a useful promotional item. Minimum order: 200 pieces (colours combined). Our design studio can prepare or vectorise your logo for printing.

COLOURS (1)

White
