DESCRIPTION

This rectangular metal keyring is designed for everyday use by companies, clubs or associations looking for a practical, understated gift. Its slightly curved shape with a matte central insert gives a refined finish; compact dimensions (8 x 3.5 x 0.5 cm) make it easy to carry in a pocket or bag. The keyring is supplied in a gift box, making it suitable for corporate gifts and events.

The round split ring keeps keys securely attached and the polished metal frame contrasts with the brushed matte inset visible in the photo. The zinc alloy finish is easy to maintain with a soft cloth to preserve the shine, and the piece shows neat edges and quality metal detailing for regular use.

This personalised keyring is available from a minimum order of 100 pieces (minimum shown for this model). We offer laser engraving, pad printing and doming to apply your logo or message. Ideal for businesses, sports clubs, associations, schools and events. Free quote within 24 hours on weekdays, in-house graphic studio to refine or vectorise your logo, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
