DESCRIPTION

Metal business card holder in a compact size (9 x 6 x 0.6 cm), designed to keep business or personal cards protected while travelling. The all-metal construction with a matte finish provides solid feel and understated looks while remaining lightweight. Practical for corporate use, events or as a welcome gift, it is easy to maintain with a soft cloth.

The closure is low-profile and integrated into the edge of the case, offering a clean appearance and straightforward handling. Its slim form slips neatly into a pocket or bag, and rounded edges make it comfortable to carry. The Stanwell model favours simplicity and robustness over decorative elements.
