DESCRIPTION

The Stomp wooden pencil measures Ø0.7 x 19 cm and is designed for everyday use in offices, events and promotional packs. Its slim, round body provides a comfortable grip while the eraser held by a metal ferrule allows quick corrections. The pencil comes in several colours, for example natural wood and white, and is practical for both desk use and handouts.

With a plain wooden finish and minimalist construction—no mechanism, no refill—this is a lightweight, reliable writing tool that slips easily into pencil cases or conference packs. Its simple design makes it suitable for large distributions at trade shows, workshops or community events.

Customisable for companies, clubs, associations and private customers, this is a personalised pencil available with laser engraving, pad printing and screen printing on objects to add your logo or message. Minimum order: 2000 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
