DESCRIPTION

Set of 5 compact highlighters supplied in a PET pot, practical for office use, classrooms or events. Each highlighter is made from PP and features a short body with a chisel tip for clear, consistent marking on paper. Pot dimensions: 7x7x5 cm, convenient to place on a desk or include in welcome kits. Care is straightforward: wipe the pot clean and store highlighters flat to preserve ink performance.

The pot holds five individual markers with snap-on caps to prevent drying and ease transport. The finishes are utilitarian and impact-resistant, suited to shared use. This format works well for promotional packs, stationery sets and school supplies.

These items can be customised as personalised highlighter set using digital printing, pad printing or doming depending on the desired effect. Recommended for companies, schools, associations, clubs and private customers for corporate gifts, conference kits or merchandising. Note: minimum order 50 pieces (colours and sizes combined); a smaller quantity may be possible with extra costs. Free quote within 24 hours on weekdays and a graphic studio is available to retouch or vectorise your logo.
