Composition	PS
Material	PS
Average weight	0.044
Dimensions	11 x 6 x 1 CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

The Culca pocket calculator is a compact, unisex desk accessory made of PS and displays 8 digits on a clear LCD. It features dual power—battery (button cell included) and a solar strip—so it remains available for everyday use. At 11 x 6 x 1 cm it slips into a pocket or drawer, making it practical for offices, schools, clubs and promotional events.

The front panel presents round, tactile keys with clear function markings and a molded casing that affords some edge protection. Lightweight and easy to operate, the calculator requires no special care beyond replacing the battery when needed and avoiding prolonged exposure to moisture.

The Culca can be personalised by pad printing, ideal for companies, sports clubs, associations, schools and event giveaways. Note the minimum order: 100 pieces (colours and sizes combined). A free quote is provided within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg is available.
