Average weight	0.024
Dimensions	Ø5 x 2.5CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

The Natus wooden yo-yo is a compact outdoor toy (Ø5x2.5cm) designed for easy handling by children. Its round shape with flat faces provides a secure hold and the natural wood grain finish gives a tactile, organic feel; surface care is simple — wipe clean as needed. A fixed cord loop allows immediate play.

Built as a straightforward, durable item, it is suitable for schools, clubs and outdoor events where resilience is important. The lack of delicate moving parts reduces breakage risk and supports repeated use. Its small, lightweight format makes it convenient to carry in a pocket or activity pack.

Customisation options include laser engraving and pad printing. Ideal for companies, associations, schools, sports clubs and event organisers seeking a sustainable promo item, this personalised outdoor toy is not available per piece: minimum order 100 pieces (colours and sizes combined).
