DESCRIPTION

Compact patience game in a clear PS cube measuring 4x4x4 cm, designed for single-player use or promotional giveaways. The rigid transparent box houses small metal balls and a coloured internal insert forming the puzzle (various shapes and challenges across the assortment). Its small footprint makes it easy to include in event packs or hand out as a branded gift; care is limited to wiping the exterior with a soft cloth.

Each unit features a different coloured insert—pegs, sloped planes or perforated chambers—that alters the gameplay and difficulty. The transparent casing lets the mechanism be seen, increasing its appeal for children and adults alike. Lightweight yet suitable for regular handling, the games come in several colour variants and measure 4x4x4 cm.

This personalised indoor game can be decorated by digital printing, doming or pad printing depending on the finish required. Minimum order: 240 pieces (colours and models combined). Suitable for companies, clubs, schools, associations and events. Free quote within 24 hours on weekdays; collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
