DESCRIPTION

A compact wooden indoor game set designed for family evenings, clubs or events. The Trikes model comes in multiple colours and includes a wooden box (16 x 16 x 3 cm) that stores chess pieces, dominoes, pick-up sticks and counters. The natural wood construction gives a tactile feel and is easy to maintain with a light dusting and gentle wipe.

The flat lid doubles as a chessboard while the compartmented interior keeps each game organised for transport and storage. The pieces and box have a straightforward, sturdy finish suitable for regular indoor use. Its compact dimensions make it simple to store or carry to activities.

Customisation is available by pad printing (tampography) on the lid or box — a practical option for a personalised indoor game for companies, sports clubs, associations, schools or events. Minimum order: 30 pieces (colours and sizes combined). Our graphic studio can digitise or refine your logo.
