DESCRIPTION

The Trifo corkscrew/bottle opener is a compact kitchen utensil in stainless steel designed for professional and event use. Measuring 13.5 x 4 x 1.3 cm, it combines a foldable lever, a spiral corkscrew and an integrated bottle opener, with a PS-coated handle for secure grip and durable finish. Its folding design makes it easy to carry in a service kit or pocket.

The visible metal components indicate a straightforward, practical construction suited to regular use: hinged lever, spiral worm and opener head. It is easy to maintain—simple cleaning with water keeps it functional. Available in several colours, including black and white, it is adapted to hospitality, events and promotional gifting.

The Trifo model can be personalised by pad printing. Recommended for companies, sports clubs, associations, events and promotional giveaways; minimum order quantity: 50 pieces (colours and sizes combined). YourVisualHere provides a free quote and prepares the branding for neat logo integration.
