Average weight	0.025
Dimensions	6,5 x 4,4 x 1 CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

This zinc alloy keyring is shaped like a house and is offered in several colour options. Measuring 6.5 x 4.4 x 1 cm, it features two charms — one solid and one open-frame — attached to a standard split ring. The metal finish gives it durability for everyday use and makes maintenance simple: a quick wipe restores its shine. Supplied in a white cardboard box, it suits promotional giveaways and welcome gifts.

The flat profile and polished edges reduce wear in pockets or bags. The charms provide smooth, even surfaces well suited to marking methods such as laser engraving or pad printing, while the standard ring ensures easy attachment of keys. Its compact dimensions keep it discreet yet large enough for legible customisation.

This personalised keyring can be marked by laser engraving or pad printing. Recommended for companies, real estate agencies, clubs, associations, events and private customers. Minimum order: 100 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
