DESCRIPTION

This aluminium keyring shaped like a house is a lightweight, practical accessory for everyday key organisation. Sized at 7 x 2.4 x 0.2 cm, it features a flat profile with a subtly brushed metal surface that provides a clean base for marking. Easy to maintain, a quick wipe keeps it looking neat.

The small connector and circular split ring hold keys securely, and the gently rounded edges reduce the chance of snags. Its slim, compact form makes it convenient for keeping alongside house or car keys without adding bulk.

This personalised keyring can be finished using digital printing, doming, laser engraving or pad printing depending on the desired look. It is suitable for businesses, estate agencies, clubs, associations and private customers for promotional items, client gifts or welcome packs. Minimum order quantity: 250 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
