DESCRIPTION

The Fanny folding fan is a lightweight ABS accessory designed for outdoor events. Its classic fan shape opens wide to create a direct breeze and folds flat for easy transport. Measuring 23 x 43 x 2.3 cm, the simple, robust construction makes it suitable for summer festivals, promotional events and crowd activities where temporary cooling is needed. The ABS surface is easy to wipe clean.

The fan features integral ribs and a central pivot that deliver a secure grip and smooth opening action. There is no textile component—the item is fully moulded plastic, durable for repeated use at events and simple to maintain.

This fan is ideal as a personalised fan for companies, clubs, associations and event organisers. Customisation techniques available: DTF printing not applicable; suitable methods include digital printing, doming and tampography. Sold in several colourways (e.g. black, blue, red). Minimum order quantity: 100 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; pickup in Evere or delivery to Belgium, France and Luxembourg.
