DESCRIPTION

Compact seminar bag measuring 40x6x29 cm, designed to carry documents and small accessories for professional events. Its rectangular slim profile with a top handle makes it easy to carry, while the zip closure opens widely for quick access. Made from PET-PVC (PE 70D as provided), the material is lightweight, durable and simple to wipe clean.

The photo shows a clean, utilitarian finish: smooth panels, discreet seams and a robust zipper pull. No external pockets are visible, leaving a large uniform area ideal for logo application. The compact dimensions suit trade shows, seminars and meetings where a slim document bag is preferable.

Personalisation requires a minimum order of 25 pieces (colours and sizes combined); fewer units can be considered with additional fees. Available marking techniques: screen printing (object), multicolour transfer, DTF printing and flex. Recommended for companies, clubs, associations, schools and event giveaways. Personalised business bag.
