Brand	Kimood
Composition	100% Polyester
Material	100% Polyester
Fabric weight	300 g/m²
Average weight	1030 g
Country of origin	China
Carton	10 pieces

DESCRIPTION

Storage bag for car boot made from 100% polyester (600D), designed to keep the boot organised. One size, sturdy and practical, it features two large folding compartments separated by an internal divider and a side pocket for small items. Metal eyelets and integrated handles make handling easy and add durability. Care is straightforward: wipe clean or spot-clean as needed.

The design includes reinforced panels and piped edges that support the foldable structure; compartments are secured with elastic closures to reduce spillage. The bag folds flat for storage yet remains rigid enough when open to hold bottles and supplies upright.

This personalised sac rangement pour coffre can be customised from one piece using transfer screen printing, Transfer MSO, DTF printing or flex. Suitable for companies, sports clubs, associations, events and private customers who need a practical, branded organiser.

KEY FEATURES

- Space saving thanks to 2 large folding compartments.
- Very resistant fabric that is easy to decorate.
- Multifunctional: for packing shopping or organising your boot.
