Brand	Kimood
Composition	100% Polycarbonate
Material	Polycarbonate
Average weight	2800 g
Labels and certifications	PETA Vegan
Country of origin	China
Carton	1 pieces

DESCRIPTION

This Geoline cabin trolley is a hard-shell personalised trolley made from 100% polycarbonate with a geometric textured finish. It features a telescopic top handle, side handle, four multidirectional wheels and side feet for safe lateral placement. Corner rubber protectors improve impact resistance. Inside are two compartments — one with a retention strap and one zipped compartment with accessory pockets — plus a retractable front strap for attaching a document pouch. It is secured by a TSA combination lock. Available in 1 colour (Black).

The personalised trolley can be ordered from one piece and accepts several marking methods: transfer (screen transfer), MSO transfer, DTF printing and flex. Suited to companies, sports clubs, associations, events and private customers. Our studio can retouch or vectorise your logo for production.

KEY FEATURES

- Cabin-size.
- Added protection thanks to rubber corners and side guards.
- Comfortable, ergonomic and easy to handle.
