DESCRIPTION

Designed for professional use, this backpack for laptops features a rectangular, organised layout: a padded compartment for laptops up to 15" and a dedicated tablet sleeve, a roomy main compartment with mesh pockets and a zipped pocket, plus a large organised front pocket. The padded, breathable back and shoulder straps improve comfort for day-to-day commuting, and a 1680D base increases abrasion resistance. Available in 1 colour and one size.

Practical details include an insulated side pocket for bottles up to 50 cl, an external type-C connector with an internal cable for powering a powerbank, a top padded pocket for sunglasses or small items, and a rear strap to slide the backpack over a trolley handle. Multiple zipped pockets keep documents and accessories secure and well organised.

This personalised backpack can be customised from 1 piece using screen print transfer, MSO transfer, DTF printing or flex. Suitable for companies, sports clubs, associations, schools and private customers; our graphic studio can retouch or vectorise your logo for production.
