DESCRIPTION

Work backpack in polyester (unisex) designed to carry a laptop up to 15" and documents. The back panel and shoulder straps are padded and breathable for all-day comfort; it includes a large main compartment with two mesh pockets for accessories, a padded rear laptop/tablet compartment and a side bottle pocket. An external USB-C connector with an internal cable allows easy charging from a powerbank. Available in Black.

The bag features a large zippered front pocket and side compression straps to stabilise contents. A rear trolley strap lets you slip the backpack over a suitcase handle for easier travel. Protected zips and contrasting material panels enhance durability while keeping the pack lightweight.

This personalised computer backpack can be customised from one piece using screen print transfers, DTF printing or flex. Suitable for companies, sports clubs, associations, schools, events and private customers who want a branded, functional backpack for everyday use.

KEY FEATURES

- Padded rear compartment for a computer or tablet measuring up to 15".
