DESCRIPTION

Business backpack designed for professionals who need a compact, structured bag for daily commuting. The rectangular shape with a top flap and handle gives it a clean, formal appearance while remaining practical. Constructed from a PU face and recycled polyester body, it includes a large main compartment for documents, an internal zipped pocket and a padded sleeve for laptops up to 13". Available in 1 colour (Black) and one size.

The flap closes with an adjustable metal buckle that is easy to use; padded, adjustable shoulder straps ensure comfort on the move. The slim profile keeps the silhouette neat for office or client meetings, and the visible stitching and finishes suggest good durability for everyday urban use.

Have this personalised backpack marked by screen printing (transfert sérigraphique), MSO transfer, DTF printing or flex. Suitable for companies, sports clubs, associations, events and private customers. It can be personalised from one piece and our studio can retouch or vectorise your logo before printing.
