DESCRIPTION

This personalised totebag is a one-size shopping bag with a flat base, made from recycled cotton and recycled polyester (70/30). The long handles are sewn in the same fabric for comfortable shoulder wear and the flat base increases load capacity and stability. The recycled material keeps a consistent appearance and a structured feel, suitable for daily use at events, retail or trade shows. Follow the manufacturer's care instructions to maintain the bag's performance.

Customisation is possible from one piece by screen print transfer, MSO transfer, DTF printing or flex. Recommended for companies, sports clubs, associations, events and private customers; our studio can retouch or vectorise your logo before production.
