DESCRIPTION

Messenger-style shoulder bag designed for daily work use and safe transport of a laptop and documents. This unisex model is made from recycled polyester and features a padded internal laptop compartment and a tablet sleeve, alongside a roomy main compartment and a large zipped inner pocket. The cut is structured and practical, with a durable, easy-care textile finish.

The flap closes with a magnetic snap and shows decorative strap-and-buckle details visible in the photo; a large rear zipped pocket and a removable shoulder strap enhance functionality. A top zipper secures the main compartment and practical finishing touches make it suitable for everyday professional use.

The bag can be personalised from one piece: possible techniques — screen print transfer, MSO transfer, DTF printing, flex (heat transfer vinyl). Recommended for companies, sports clubs, associations, events and private customers looking for a personalised messenger bag, with added Aware™ traceability linked to its recycled polyester construction.

KEY FEATURES

- Removable crossbody strap and padded inner compartment.
