DESCRIPTION

This recycled cotton tote is a unisex, one-size shopping bag made from a blend of recycled cotton and recycled polyester (285 g/m²). The design features a wide, flat base and long handles in the same fabric as the body, giving the bag structure and comfortable shoulder carry for daily use.

The photo shows a straight-cut tote with a roomy base ideal for carrying documents, groceries or event materials; there are no visible closures or external pockets, which keeps the look clean and practical. Seams and handles appear reinforced for regular use.

Order a personalised shopping bag from one piece and choose from our marking techniques: DTF printing, screen printing transfers, MSO transfer and flex. Recommended for companies, clubs, associations, schools, events and private customers; free quote within 24 hours on weekdays and workshop pickup in Evere available.

KEY FEATURES

- Made from recycled materials.
