Labels and certifications	PETA Vegan
Country of origin	Bangladesh
Carton	5 pieces

DESCRIPTION

This handwoven shopping (totebag) is made from seagrass (jonc de mer) and features an inner lining of recycled-blend yarn. Its one-size design holds 26 L, making it suitable for the market, beach or everyday use; the flat woven handles provide comfortable carrying. A drawstring closure secures contents while allowing easy access. The bag is available in several colourways, including Striped Seagrass Black and Black N.

Practical details include reinforced rims, visible weaving and an inner lining that reduces wear on belongings. The natural fibre construction gives good structure without adding weight. Care is simple—spot clean as needed and avoid prolonged moisture to preserve the weave.

This personalised shopping (totebag) can be customised from one piece using screen printing transfer, MSO transfer, DTF printing or flex (heat transfer). Suitable for companies, sports clubs, associations, events and private buyers looking for an eco-conscious promotional item or gift.

KEY FEATURES

- Made from seagrass, a material of plant fibres.
- Inner lining and tie closure for added comfort and security.
- Durable and stylish.
