DESCRIPTION

Unisex tubular bandana designed for winter sports: it fits closely around the head to protect the forehead and ears while allowing full movement. Made of 92% polyester and 8% elastane, it offers stretch and a smooth finish that helps manage moisture during activity. One size fits most and is easy to care for.

The seamless appearance provides comfortable wear under a helmet or bulkier hat; its elasticity gives a snug fit without tightness. Lightweight and flexible, it sits neatly under a hood or high collar and maintains its shape after repeated stretching.

This personalised bandana can be customised from one piece and suits companies, sports clubs, associations and individuals looking for a practical winter accessory. Customisation techniques available: screen printing transfer, MSO transfer, DTF printing, flex and embroidery. Available in 1 colour — Black. Our design studio can retouch or vectorise your logo and include the marking in the quote.
