DESCRIPTION

Unisex 5-panel trucker designed for everyday wear. The front panels and visor are made from durable cotton canvas while the rear panels use polyester mesh to enhance breathability. One size fits most, offering comfortable wear thanks to the cotton and polyester mix; care is straightforward according to the materials.

The 5-panel construction provides a structured front and a gently curved visor for sun protection. The mesh back reduces weight and improves airflow. Size is adjusted via a practical plastic snap, making the cap suitable for team use or events where quick resizing is needed.

Customisable from one piece, this personalised trucker accepts embroidery, screen printing transfers (Transfert Sérigraphique), MSO transfers, DTF printing and flex. Recommended for companies, sports clubs, associations, schools and private customers looking for branded headwear.

KEY FEATURES

- Front panels and peak in extremely hard-wearing cotton canvas.
