DESCRIPTION

Unisex 5-panel trucker cap designed for comfortable, breathable wear. The front panel and visor are cotton (185 g/m²) with a pre-curved visor that maintains its shape, while the rear panels are polyester mesh for ventilation. One size with a retro snapback closure makes it an easy-fit option for teams, clubs and events seeking a practical branded cap.

The 5-panel construction provides a flat front area ideal for branding; stitching and finishing are visible on the visor and panels, giving a straightforward, durable build for everyday use. Gentle washing is recommended to preserve shape and the pre-curved visor.

This personalised trucker cap can be finished by embroidery, DTF printing, flex, screen printing transfer or Transfert MSO to suit the desired look. Appropriate for companies, sports clubs, associations, schools and individuals. Available in several colours (for example Black, Navy, White) and customisable from one piece.
