DESCRIPTION

Unisex cap made from 60% recycled cotton and 40% recycled polyester, the KP229 offers a clean, comfortable fit for everyday wear. The serge construction at 190 g/m² gives it a structured drape and reliable shape. It comes in several colours — for example beige, navy and black — and is one-size with an adjustable hook-and-loop fastening for easy fitting.

Practical details include a subtly curved peak, neat stitching and a paneled build that keeps the cap's form. The product features Aware™ traceability via a special label with a QR code, allowing direct access to certification and production-chain information.

This personalised cap can be ordered from one piece and suits companies, sports clubs, associations and private customers. Decoration techniques available: screen printing transfers, MSO transfers, DTF printing, flex and embroidery. Our design studio can refine or vectorise your logo and provides a free quote within 24 hours on weekdays.
