DESCRIPTION

Unisex plaid made from 100% polyester, featuring a double-faced construction with a soft fleece side and a plush sherpa reverse. One size fits all; the design offers cosy warmth and a soft handfeel while remaining practical for indoor use or travel. The supplier indicates the fabric weight, and the plaid keeps a comfortable, fluffy aspect when cared for according to washing instructions.

Visible details include neat hems and an even thickness that helps the plaid retain its shape. The rectangular cut and reversible surfaces make it suitable for couches, car journeys or outdoor events. It comes in several colours, for example Beige, Cherry Red and Night Navy.

This personalised plaid can be customised from a single piece using embroidery (borduren/embroidery). Ideal for companies, sports clubs, associations, events and private clients looking for a branded or bespoke textile gift.
