DESCRIPTION

Seamless children's headband designed to protect the ears from wind and cold while remaining comfortable. The rectangular, rib-knit construction provides good stretch from the 79% polyamide / 21% elastane blend, making it suitable for year-round use. The item is offered in 1 colour (Black) and one size, simplifying choice for clubs and youth events.

The band has flat finishes and a seamless build to reduce rubbing and keep it snug against the head. Its flexibility allows it to be worn as a standard headband or pulled up slightly for extra ear coverage without feeling bulky.

Customisable from a single piece, this personalised bandana accepts several marking techniques: screen printing (transfert sérigraphique), DTF printing, flex (heat transfer vinyl) and embroidery. Suited to companies, sports clubs, associations, schools, youth movements and private customers — our in-house studio can retouch or vectorise your logo prior to production.
