DESCRIPTION

This unisex tubular bandana is designed for sporting activities: a snug cut that provides comfortable hold, made mainly from cotton (100% cotton except Oxford Grey: 90% cotton / 10% viscose). Lightweight and breathable, it can be worn around the head or neck and is easy to care for. Available in several colours, for example Black, Orange or White, in One Size.

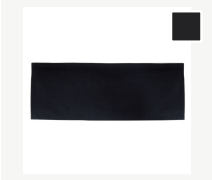

The tubular construction delivers a smooth fit without a visible front seam; the simple design allows quick on/off and stays in place during exercise. The use of cotton in biological conversion offers a more responsible option within our textile range.

This personalised bandana can be produced from a single piece: screen printing transfer, MSO transfer, DTF printing, flex (heat transfer) or embroidery are possible. Suited to sports teams, clubs, associations, corporate events or private customers. We provide a graphic studio to retouch or vectorise your logo, a free quote within 24 hours on weekdays, standard production and options for collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
