Carton	100 pieces

DESCRIPTION

Unisex classic beanie designed to provide warmth with a clean, understated look. The close-fitting cut with a folded cuff gives a secure, comfortable fit suitable for everyday wear in cool conditions. Made from acrylic with a polyester fleece inner band, the beanie pairs a soft, silky knit feel with effective thermal insulation from the lining. It comes in several colour options and one size to simplify selection and stocking.

The beanie features a simple, tidy finish: a defined cuff for consistent fit and a tight knit that helps block wind. Its streamlined construction makes it practical to wear under a hood or lightweight helmet and well suited for team use and events.

Personalise this personalised beanie with embroidery. We offer embroidery for logos and small text for companies, sports clubs, associations, events and private customers. Single-piece orders are possible and our design studio can vectorise or refine your logo before production.
