DESCRIPTION

Men's belt in full-grain leather with a nubuck leather underside, designed for a smart everyday look. The detachable buckle allows the belt to be shortened (total length 125 cm) and adjusted to fit from XS to XXL, giving a wide range of sizing options. At 30 mm wide it offers a classic fit compatible with most trouser loops. The belt is supplied in a cotton pouch, useful for storage and presentation.

The design is clean and straight-cut, with no visible stitching on the front face, highlighting the aniline finish of the leather. The polished metal buckle is robust and interchangeable thanks to the removable system, which simplifies maintenance and customisation. Suitable for professional wear or refined casual outfits; care with gentle cleaning and appropriate leather protection is recommended.

Order this personalised belt for companies, clubs or events: we offer embroidery, DTF printing, flex, screen printing, transfer and tampography where suitable for leather. Available in several colours (e.g. Black, Dark Brown) and customisable from one piece; our graphic studio can retouch or vectorise your logo.
