Brand	K-up
Composition	100% Leather
Material	Leather
For	Men's
Label	Tear-away (ideal for branding)
Country of origin	Italy
Carton	40 pieces

DESCRIPTION

Men's leather belt with a raw edge, made from 100% full-grain bovine leather and 35 mm wide. The classic cut and raw-edge finish create a clean, professional look suited to workwear and everyday use; the detachable buckle allows the length to be adjusted by trimming the strap to fit sizes from XS to XXL. It is supplied in a cotton pouch to simplify personalisation.

The visible metal buckle is removable for straightforward sizing and maintenance, while the unstitched face presents a sleek aesthetic. The leather maintains a firm yet flexible feel and requires simple care (light cleaning and leather conditioning as needed).

This personalised belt can be customised from one piece for companies, sports clubs, associations or private customers. Available marking techniques include embroidery, DTF printing, flex, screen printing, transfer prints, embroidered patches, pad printing and digital printing on items. We can apply your logo to the pouch or to a plate attached to the buckle according to your project.
