DESCRIPTION

6-panel cap for men with a high profile and flat peak. Made from an acrylic/wool blend, it features reinforced front panels to keep its shape and a contrast underside to the peak. One-size with a plastic adjustment tab: lightweight and comfortable for everyday wear while maintaining a structured fit.

The image shows clean stitching between the six panels and a sharply finished peak. The cap is offered in several colours (for example Black, Navy, Heather Grey) and is particularly suitable for marking on the front panel. Care according to the manufacturer's instructions will help preserve the peak and fabric.

This personalised 6-panel cap can be customised from one piece. Available techniques include embroidery, screen printing transfers, transfer (MSO), DTF printing and flex. Recommended for companies, sports clubs, associations, events and private customers. Free quote within 24 hours on weekdays; our graphic studio can vectorise or refine your logo.
