Carton	100 pieces

DESCRIPTION

Classic 5-panel trucker cap for men with a structured foam front panel for added comfort. Constructed from 60% cotton and 40% polyester, the cap offers a soft polycotton feel that is easy to care for. One size with a plastic snapback adjustment and a firm brim, suitable for everyday wear outdoors or in casual settings.

The front panel features a spongy coating that improves stability for printing and embroidery applications. The rear mesh provides good ventilation typical of trucker styles, keeping wear comfortable during extended use. Clean stitching and solid finishes ensure reliable shape retention over time.

Customisable as a personalised Trucker from a single piece: available marking techniques include embroidery, DTF printing, screen printing transfer, MSO transfer and flex. Well suited to companies, sports clubs, associations, events and private customers; our design studio can vectorise or refine your logo.

KEY FEATURES

- Soft, hard-wearing and easy-care polycotton.
- High-quality foam at the front for greater comfort.
- Sponge coating on the front panel for printing or embroidery.
