DESCRIPTION

Unisex 6-panel cap made from recycled cotton, designed for everyday wear. It features a classic cut with a structured peak and a broad front panel, combining pre-consumer recycled cotton with virgin cotton for a natural feel. One size with a metal adjustment buckle at the rear for a secure fit.

The 6-panel construction provides a smooth front ideal for branding; the peak keeps its shape for a neat appearance. Visible stitched panels and possible ventilation eyelets contribute to durability and comfort. Available in several colours, for example Black, Navy and White.

Personalised cap: can be decorated with screen printing transfers, MSO transfers, DTF printing, flex (flocking) or embroidery. Suited to companies, sports clubs, associations, events and private customers; customisation available from one piece. Our design studio can vectorise or retouch your logo.
